

Y1 / 2 Homework Projects

Here are some homework projects for you to complete if you would like to.

You are welcome to send in pictures or bring your project in to share with your class.

Summer Term 2026

Create & Construct!

Can you create a piece of art work, a collage or a DT project, focusing on the theme of the beach, or the ocean?

Time Together!

Can you write a diary or a journal of all the lovely things you have done at school or home over the last half term? You could make a little book, or you could use a notebook to help you with this?

Out & About!

Can you spot some of our common garden or wild plants that we learnt about in Spring?

Can you spot some common UK animals or birds? Take photos and send them in to your class teacher!
